Snow Queen Audition Pieces – Summer Princess, Gerda & Chorus

PRINCESS Oh, that was fun!

COURTIER Wow, your Balls get bigger every year Princess!

PRINCESS Soiree, it's a Soiree dear!

COURTIER Wow, your Soiree's get bigger every year Prin…

PRINCESS Yes, yes, we've had quite enough of that...

The COURTIER walks off as a GUARD roughly pushes GERDA and STUPENDO towards her, making them kneel.

GUARD Your highness, the conjurer has broken in again! Should we feed him to the hounds?

The PRINCESS looks disdainfully at STUPENDO but then recognizes GERDA.

PRINCESS It's you, it's really you! I've been dreaming of you for months now!

GERDA Well this is awkward!

PRINCESS You must stay and be my guest. Everyone will be so excited to meet you. **(VO – Oh dear, who told her that Broach went with that dress?)**

GUARD What about the Conjurer your highness.

PRINCESS Is he with you?

GERDA Yes, your highness, he's a very good friend.

PRINCESS Then he shall be a guest in my court too.

STUPENDO Oh, your majesty, I am so humbled to be in your honor.

PRINCESS Hmmm, deep. Well, we simply must find you a handsome Beau to while away your years with.

GERDA I'm sure there was something more important I had to do.

PRINCESS That's right, marry! Now, who have we got. What about Prince Will?

WILL Er hello, and what do you do exactly?

GERDA Waitress sometimes, chambermaid, this and that.

WILL Oh really, that all sounds wonderfully bizarre. What on earth is a waitress, do tell?

GERDA It's really no bother; I must be on my way.

PRINCESS But ya can't, ya can't leave, she can't leave can she. *(Chorus 'no', audience 'Yes'.)* Look what about Prince Mick?

MICK 'Allo darling! I was starting to feel like a right slice stood 'ere!

GERDA Really no.
